Colonel Ronald W. Williams 1964 Scholarship

The purpose of this scholarship is to provide financial assistance to cadets toward their cost of attending VMI. Financial awards may be full or partial scholarships and may be directed to fund study during the regular academic year and summer school at the Institute as well as study abroad. Awards of the Scholarship may be renewed annually if its recipients remain in good academic standing.

The Superintendent of VMI or his designated representative, normally the Director of Financial Aid, will determine recipients of the Scholarship. The Institute has full discretion in awarding the Scholarship; there are no restrictions or preferences.
